Q

When a grown-up finishes canning fruit, how does the lid on the jar look if it's closed tight?

CANNING FRUITS

Kids (under 10)

ANSWER

The lid is flat and doesn't move.

FUN FACT

When the lid is flat and tight, it helps keep the fruit fresh and yummy for a long time!

Q

When a grown-up puts fruit into a jar, why do they leave a little empty space at the top?

CANNING FRUITS

Kids (under 10)

ANSWER

To let steam escape so the jar can close tight

FUN FACT

That little space helps the jar close so the fruit stays yummy and fresh!

Q

When grown-ups get fruit ready to keep in jars, sometimes they warm up the fruit in sweet juice before putting it in. What is special about this way?

CANNING FRUITS

Kids (under 10)

ANSWER

It helps the fruit stay bright and soft!

FUN FACT

Warming up fruit in sweet juice before putting it in jars helps the fruit keep its nice color and soft texture.

Q

When grown-ups put fruit in jars to keep them fresh, why do they leave a little empty space at the top?

CANNING FRUITS

Kids (under 10)

ANSWER

So the fruit juice doesn't spill out and the lid can close tightly

FUN FACT

Leaving a little space at the top helps the jar close just right and keeps the fruit yummy for a long time!
