Q

What do you hear when you open a jar of dried fruits that have been stored well?

Kids (under 10)

ANSWER

A quiet pop as the jar air is fresh

FUN FACT

A little pop shows the jar is sealed tight to keep fruits fresh.

Source: OSU Extension MFP

Q

Why do dried fruits and jerky last a long time?

DEHYDRATING AND SMOKING

Kids (under 10)

ANSWER

Because drying takes out the water germs need

FUN FACT

Without water, germs can't grow on dried foods!

Source: PNW 632 Making jerky at home safely

Q

Which one is a sign that dried food might be bad?

Kids (under 10)

ANSWER

Fuzzy mold on the surface

FUN FACT

If you see fuzzy mold, dried food should not be eaten.
