Q

Which color shows that a fruit is ready to eat from the freezer, like strawberries?

Kids (under 10)

ANSWER

Bright red color.

FUN FACT

Freezing keeps fruits looking bright and yummy like fresh-picked!

Source: PNW 214 Freezing fruits and vegetables

Kids (under 10)

Q

What is the name for the step where you dip vegetables in hot water before freezing?

Kids (under 10)

ANSWER

Blanching.

FUN FACT

Blanching helps keep vegetables bright and tasty after freezing!

Source: PNW 214 Freezing fruits and vegetables

Kids (under 10)

Q

Where is a good place to keep root vegetables like carrots cool so they last a long time?

Kids (under 10)

ANSWER

In a cool, dark root cellar or underground place.

FUN FACT

Root cellars keep veggies fresh by staying cool and damp, like their home underground.

Kids (under 10)

Q

Why do we write the date on packages before freezing food?

Kids (under 10)

ANSWER

**So we know when we put it in
and don't keep it too long.**

FUN FACT

*Food tastes best and stays safe when
eaten before the date gets old.*

Source: PNW 214 Freezing fruits and vegetables

Kids (under 10)

Q

If a frozen item has white spots that look dry, what is happening?

Kids (under 10)

ANSWER

It has freezer burn and might taste dry or bad.

FUN FACT

Freezer burn happens when air dries out frozen food.

Source: PNW 296 Freezing convenience foods that you've prepared at home

Kids (under 10)

Q

What does it feel like when you take fruit out of the freezer before it's thawed?

Kids (under 10)

ANSWER

It's very hard and frozen solid.

FUN FACT

Frozen fruits are like ice blocks until they start to thaw and get soft again.

Source: PNW 214 Freezing fruits and vegetables

Q

Why do we sometimes cover frozen fish with a thin layer of ice?

Kids (under 10)

ANSWER

To keep the fish from drying out and protect from freezer burn.

FUN FACT

The ice coating acts like a jacket to keep fish fresh in the freezer.

Source: PNW 296 Freezing convenience foods that you've prepared at home

Kids (under 10)

Q

Which of these foods is better to keep in the fridge instead of freezing?

Kids (under 10)

ANSWER

Eggs.

FUN FACT

Eggs need special care and should stay in the fridge, not the freezer.

Source: PNW 720 Proper egg handling

Q

What should you do if you want to keep potatoes fresh for a long time without freezing?

Kids (under 10)

ANSWER

Store them in a cool, dark place away from apples.

FUN FACT

Potatoes like to stay cool and dark to keep from sprouting or tasting bitter.
